Powerful Performance, Endless Expressions

Endless Expressions

When it comes to capturing the attention of your audience, Voca has got you covered. With endless possibilities for surface finish customization - from matte rubber oil to silkscreen and laser engraving - Voca helps you create a distinctive personality for your products to shine and set them apart from the competition.

CCELL®

One Tank, Two Volumes*

Voca was designed with the flexibility to house 0.5ml or 1ml of oil without altering the size or shape of the external hardware. This allows oil brands to expand their product range in a flash and utilize the same packaging for both available sizes.

*The mouthpiece internal structure of both sizes is different; tank volume must be defined during order placement.

CCELL®

Clog-Free, Worry-Free

Voca is the ideal disposable for anyone looking for a dependable and hassle-free vaping experience. Built with CCELL's cutting-edge dual air vent design, Voca ensures effortless, smooth draws with consistent vapor delivery and no clogs every time.

CCELL®

The Perfect Fit

The mouthpiece is thoughtfully sized and shaped to fit comfortably in the mouth without causing any strain or discomfort. Designed with safety in mind, it is made of food-grade material and is extremely safe to use, providing users with the ultimate peace of mind.
