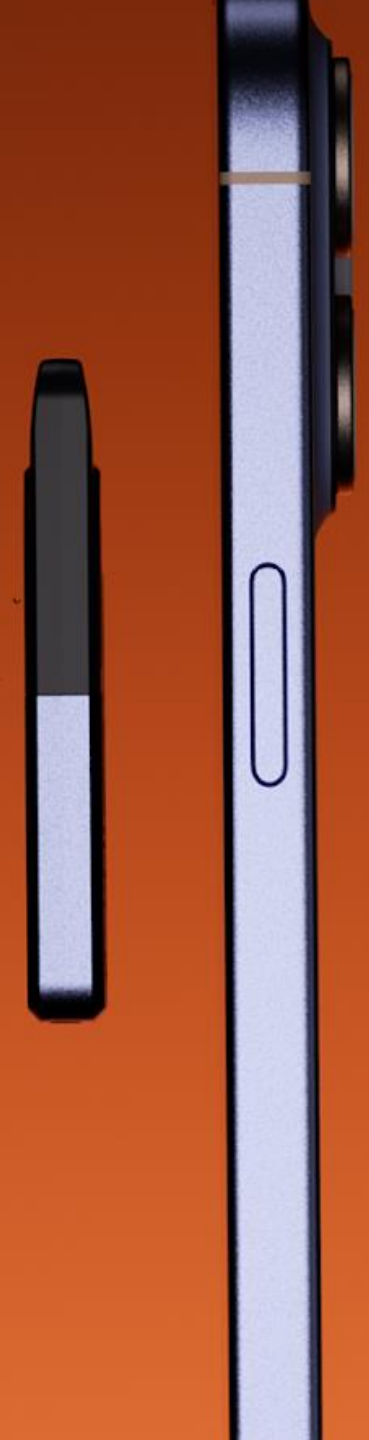
Airone

Precision Crafted Ultra-Thin Effortless Enjoyment



Precision engineering delivers an ultra-thin design while maintaining rock-solid durability.

The refined airflow channels allow for smooth, effortless inhalation from beginning to end, preventing any chance of weak pulls.

Clear Oil Window See Every Detail

Fully transparent window that elevates oil appearance and gives easy visibility of oil quality & level at each glance.

Dual Power Modes Switch with One Push

No guessing with button clicks. A bottom-mounted switch makes it easy to dial in the perfect temperature.

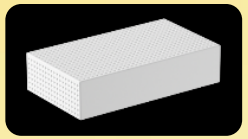
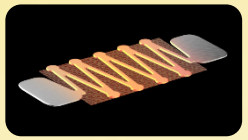
CCELL

True-to-Source Flavor — Pure & Smooth Every Hit.



Industry 1st 3D Stomata™ Ceramic
Golden Aperture matrix design ensures unidirectional oil flow, achieving supply-consumption equilibrium to maximize vaping efficiency and help prevent reheated oil and off-flavors, from start to finish.



Industry 1st Nexus Film™
Reduces peak atomization temperature by 30% with uniform heating, functioning as an 'intelligent thermostat' to smoothly vaporize every oil droplet—preserving terpenes and flavor profiles.

CCELL

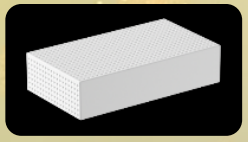
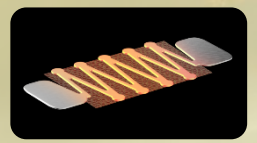
Reliable Vaping, Every Time
Leak Resistant. Clog Resistant.



Industry 1st 3D Stomata™ Ceramic
Interconnected heating channels create a 'molecular highway' for predictable oil penetration, helping prevent clogging and leakage.



Industry 1st Nexus Film™
Pioneering mesh-interlock fusion structure prevents detachment, delivering consistent vaporization performance with industry-leading lifespan.
