CCELL

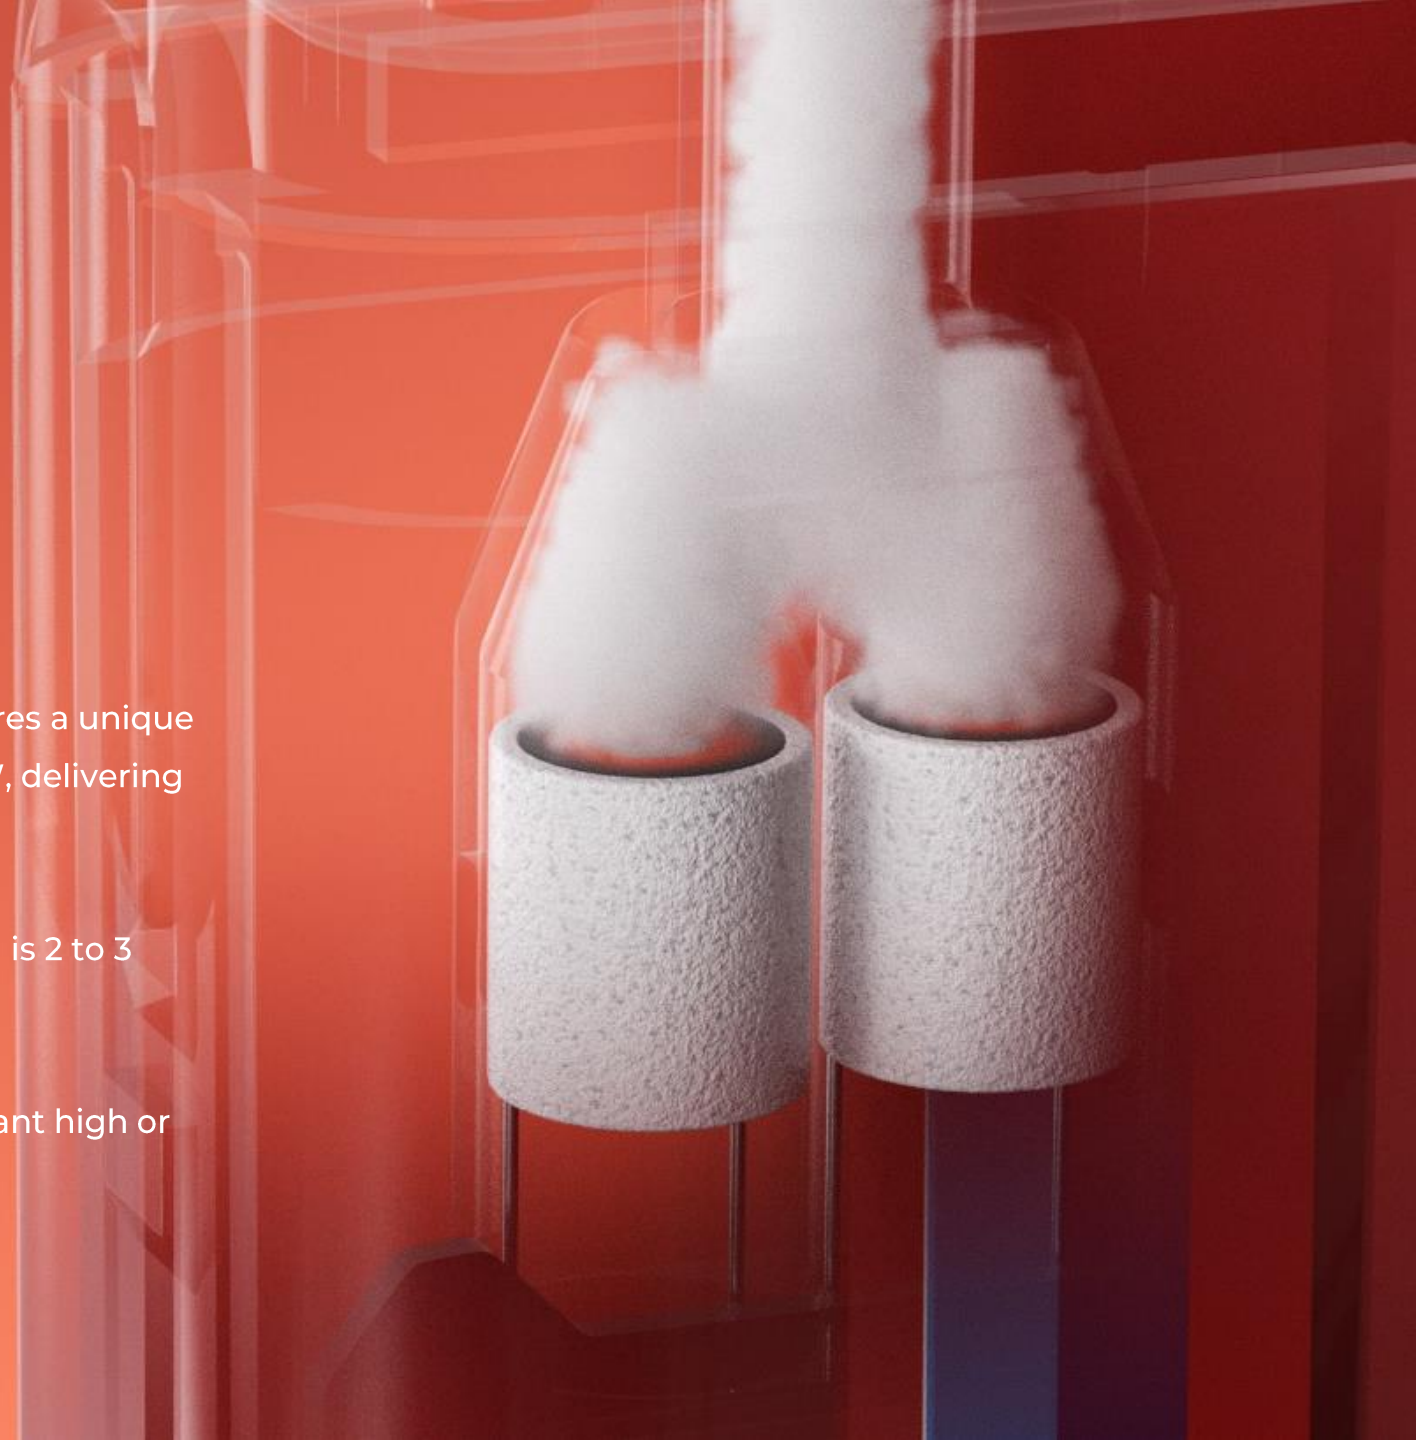
# Massive Clouds Instant High

**Dual-Core Design**

Inspired by twin-engined fighter aircraft, TurBoom features a unique single-tank, dual-core design. It can operate at up to 16W, delivering powerful performance instantly.

The device delivers 8-10mg/cannabinoids per puff, which is 2 to 3 times greater than other vape products on the market.

Switch between Boost, Normal, and ECO modes  for instant high or enhanced flavor appreciation.



# Immersive Screen

TurBoom’s large screen features various dynamic lighting effects and function indicators, clearly displaying the product's operational status
